

Overview

Paragliding is the recreational and competitive adventure sport in Nepal. Nothing can beat the thrill of being up in the sky, flying like a bird in the thermals all the while enjoying views of snow capped mountains, pristine lakes and verdant valleys like nowhere else on earth. With experienced pilots to guide you through the skies, it's an experience of a life time. You may fly again someday, but you'll never enjoy the same spectacular views. Choose from tandem flights to fully certified paragliding courses, solo flights or even go paragliding accompanied by hawks.
